**TINDALL & FOSTER, P.C. ENTERS STRATEGIC ALLIANCE TO PROVIDE ELECTRONIC FORM I-9 COMPLETION & RETENTION SOFTWARE**

**User-Friendly Software Assists with Completion, Error-Proofing, Storage, and Date Tracking**

*20 June 06*

The U.S. Department of Homeland Security's Bureau of Immigration & Customs Enforcement (ICE) published an interim regulation, effective June 15, 2006, permitting the electronic completion and retention of Form I-9 Employment Eligibility Verification documentation.

Tindall & Foster, P.C. maintains a tradition of leadership in the use of technology to meet client needs. In keeping with this tradition, Tindall & Foster has entered into a strategic alliance with Lookout Services, Inc. to provide our clients with the nation's leading I-9 compliance verification software system, "I-9 Solution." This software solution has built-in error-proofing that signals employer representatives when an error is being made in the electronic completion of the Form I-9. Using regulatory compliant electronic signatures, the program enables both the employer representative and employee to complete their respective attestations electronically. Additionally, the program is designed to provide notification to the appropriate employer representative when additional steps, such as re-verification, are required.

For more information about "I-9 Solution" and how it can help your company better meet its employment eligibility verification obligations, please contact your Tindall & Foster immigration attorney. Your Tindall & Foster immigration attorney will be happy to assist you in the establishment of a fully-compliant, electronic completion and retention system, using industry-leading technology to fully digitize your company's I-9 compliance program.
