17 April 2007

To Request One of the Appointments Reserved for Tindall & Foster Clients, Contact Your Tindall & Foster Immigration Attorney by Wednesday, April 18, 2007

On April, 30, 2007, Tindall & Foster, P.C. attorneys will again lead a trip to a U.S. Consulate in Mexico for clients seeking new or “renewed” visas. Individuals who intend to apply for new or renewed nonimmigrant visas in the coming weeks should consider this opportunity to be accompanied by one of Tindall & Foster’s consular practice specialists. For all trip participants, an experienced immigration attorney will coordinate the travel, screen the applications, prepare the necessary documents, and accompany participants for visa application, re-inspection and admission to the United States.

For further information, and to complete a brief online questionnaire enabling attorney evaluation of potential applicants, please visit the Tindall & Foster web site at <http://www.tindallfoster.com/ExportedSite/ImmigrationResources/Visa%20Application%20Questionnaire%201.htm>. Interested applicants should complete and submit the online registration form as soon as possible, preferably by Wednesday, April 18, 2007.

Alternatively, individuals may contact their Tindall & Foster, P.C. immigration attorney directly to make a reservation for the April 30 trip. Again, the deadline for making reservations is April 18, 2007, as attorneys will need to complete clearance and visa application processes to secure participants’ lawful entry into Mexico. Interested applicants should contact their Tindall & Foster attorney as soon as possible due to limited availability of visa appointments blocked off for the trip by the U.S. Consulate.

Applicants seeking to apply for new or “renewed” visas during the month of May 2007 should also contact their Tindall & Foster immigration attorney at this time. The dates for the May trip will be finalized shortly upon confirmed appointment availability at the Consulate.
